Congrats to all!

There are some changes in our club. From the start of the season (earlier than before and thank you for that) we have **Grégory Durand** from **France** **coaching** our competition group. We wish **Greg** mostly welcome to Luxembourg! We also want to say thank you **Yvan** for the years you coached this group and congrats for the new family member! Our oldest skater from the competition group, **Max**, has started to study and to train in **Munich** with the **SLIC team**. We wish good luck for him. We have also changed the Sunday training times so that it fits Steve better. The competition group is training first, after them we have the beginners and last but not least the more advanced skaters on ice.

Anna, **Caroline** and **Augustin** will be skating in **Bolzano/Italy** on 28-30.10 in the **STARCLASS 1 (CD)** competition and **Cecilia**, **Peter** and **Max** are competing from 4-6.11 in **Asker(Oslo)/ Norway** in the **STARCLASS 2 (BAS)** competition. Save journey and **GOOD LUCK TO ALL OF YOU!**

First **ISU WORLD CUP** of this season will be held in **Calgary/Canada**. You can follow that and also the **STARCLASS** competitions in LIVE STREAM!
