

SHORT TRACK LUXEMBOURG NEWS

Nr 2 Season 2014/2015

Dear all!

Yesterday Kockelscheuer ice rink opened its doors. Also our season is ready to start, the markings have been already done on 28th August by us!

Our cadre skaters had yesterday their first training and from now on they have two sessions during the week and two during the weekend. It was nice to see the group so motivated!

We hope to get you also into our competition group!

We start the training on Sunday 21st September at 15:30 and as last year, we will have around 17:30 a information session. Might be that we have something to eat & drink!

If you are interested we have received an invitation from **Mannheim, Germany** to a small competition which is held on 27th September from 12:00-17:00

We would recommend you to make a one day trip to Mannheim (2h30min drive) to test your speed after the summer holiday. **All skaters are mostly welcome!**

Also Aldwych is having a competition on the same day, if Mannheim is too close!

Please inform under ulpv@ymail.com or next Sunday to Simon if you are attending to one of these competitions!

As you already know, under www.shorttrackonline.info you will find more information about ALL competition, skaters etc.
